

Hanover Life Sciences Advantage

A specialized approach to Life Sciences

Life Sciences organizations are faced with rapid advancements in technology and research, increased regulation, and demand for expanded products and services. With this dynamic industry comes complex risk, requiring specialized insurance protection.

Dedicated Expertise at Every Level

The Hanover team understands the complex risks Life Sciences organizations face and offers expertise at every level including underwriters, claims professionals and risk management experts who work seamlessly together to provide customized solutions.

[Hanover Life Sciences Advantage](#) was especially designed to deliver insurance programs to address the many unique risks Life Sciences organizations face. Our broad appetite includes companies in four key industry segments:

- **Medical devices**, such as diagnostic, surgical, therapeutic, and monitoring devices including invasive and implantable devices
- **Digital health**, such as Healthcare IT companies and Telemedicine technologies

- **Contract research**, such as contract research organizations (CRO) and research institutes
- **Pharmaceuticals**, such as manufacturers, distributors, and contract manufacturers
- **Dietary and herbal supplements***, such as manufacturers, distributors and contract manufacturers
- **Human clinical trials** for medical device manufacturers and pharmaceutical companies

*Not available in all states.
